

Launch of “Itemized Revolving Payment Change”

Expanding member services available at LIFE – Web Desk

March 4, 2002

TOKYO — Consumer credit company LIFE Co., Ltd (President: Kunio Morikiyo) will begin offering an “Itemized Revolving Payment Change” service on March 4. The new service is part of the revolving payment service, and it allows customers to use the company’s website to select items they would like to change to revolving payment.

In addition to this, the Card Revolving Payment Change service, which allows registered members to use automatic revolving payment for all domestic and overseas charges, has been available for some time. Customers can use a combination of these services to suit their needs.

The new service will be added to the list of services available at LIFE – Web Desk, a web-based service for LIFE members launched on November 30, 2001. LIFE – Web Desk operates 24-hours a day and registration is free. Members that register to use LIFE – Web Desk can log on to access 24-hour services simply by entering their ID and password. LIFE – Web Desk provides members with the services listed below.

LIFE will continue its efforts to develop new products and offer new member services that win the support of its customers.
